A guide to completing your enrolment

An offer letter from RMIT lands in your mailbox – Congratulations! What to do next is to secure your place by successfully enrolling online.

Please follow the four steps below. We recommend you start this process as soon as you receive the RMIT offer letter to give yourself enough time to finish and avoid being rushed.

Step 1: Accept your offer

It's time to make a decision: to accept or defer your offer. You need to either:

- Accept your offer via the online application platform by following the prompts, by the deadline listed in your offer letter; **or**
- Defer the offer via the online application platform. You may want to contact your Student Recruitment Consultant for advice or guidance

If you choose to accept your offer, follow the detailed instructions in the offer letter available via the online application platform to prepare for enrolment.

- Pay the non-refundable tuition fee deposit of VND 20,000,000. See the available payment methods (/students/my-studies/fees-and-payments/paying-your-fees) to pay RMIT fees. It may take 48 hours for your deposit payment to be updated.
- Check the important dates and deadlines in your offer letter; pay attention to the enrolment start date and the commencement date.

Please make sure that you have paid the deposit before continuing to the next step.
